The building was built in the early 1960s by the very famous Architect Vico Magistretti and is one of his masterpieces. The property, of 115 square meters, is located on the 1st (first) very high floor and has double exposure that makes it very bright as it has large French windows. The balcony on one side and the large loggia on the other allow you to enjoy the open area overlooking the square

full of greenery. The apartment is currently in the final stage of renovation and will be delivered on a turnkey basis with high quality materials. There is the possibility of agreeing with the selling company on partial furnishing. Internally the property is divided into entrance hall, living room with loggia and open kitchen, spacious master bedroom with its own bathroom with shower stall and access to the balcony, the second single bedroom with windowed bathroom and convenient niche to place the washer and dryer. Excellent housing solution for those who want to live in a prestigious area near the center in a very quiet and well served residential context.
