DESCRIPTION

Riva del Garda, the terrace overlooking the lake

It is in the morning that the spring sun peeps into our white living room, gently kissing the diagonal wall and creating a triangle of golden light. Riva del Garda is an enchanted place, a place of the senses, where chic blends with the antique, where mountains brush against the lake and dreams embrace reality. Here, those with a palate for style will find their oasis, between Trentino's Valle dei Laghi, Lombardy and the Veronese region, where the lake dances with the Alps and the snow caresses the olive trees. And it is precisely in this setting that an ineffable call emerges for a dwelling that becomes a sanctuary of the soul, a refuge where authenticity reigns supreme: the interiors of this flat, capable of whetting the appetite of the most

refined senses, are a brilliant blend of Parisian style and contemporary aesthetics, enriched by French finishes that verge on the work of art. But talking about the constitution of the property, the dwelling offers four distinct spaces, three of which embrace the quietness of the bedrooms, while one opens up to the fervour of daily life, welcoming the living area to which, to enrich the comfort, are added two bathrooms that offer intimacy and practicality. However, the real jewel is the terrace, overlooking the small harbour and the fortress, an authentic treasure chest of beauty and serenity, which lends an inestimable value to this penthouse in the heart of the old village, amidst charming Habsburg palaces and medieval battlements
