DESCRIPTION

VILLA LIBERTY

Villa Liberty, is the ideal place for those who love the sea, its colors, its noise that will act as a constant and incessant background throughout your stay. Nothing is more beautiful than watching the waves break on the rocks directly from the Terrace, enjoying the slow passage of sailboats and catamarans, being moved by the wonderful colors of the sunsets. And then when evening comes, the coast is illuminated with twinkling lights with a view that leaves you breathless. From dawn to evening the sea is the main protagonist, always present sometimes calm sometimes impetuous. THE OUTSIDE: Villa Liberty enjoys a wonderful tropical garden with wonderful plants that go well with the warm climate of Sicily. The well-equipped patio with a relaxation area and an area for dining overlooks the garden and enjoys the wonderful sea view. Here you can spend moments of conviviality or absolute rest letting yourself be lulled by the sound of the sea. In the villa there is ample space to store mopeds and bicycles and park up to 2 cars but of small size because of the access road that

does not allow maneuvering with too large cars (Suv). Finally, outside we have a laundry area, a shower and direct access to the sea. THE INTERIOR: Villa Liberty takes its name from its style, Liberty in fact, a style that emerged in the early 1900s and that recalls the floral lines of nature that we can appreciate here in the moldings, in the cornice, in the railings, in some elements of furniture and fittings. The recent restyling project while remaining faithful to its original style has introduced modern solutions that make the villa absolutely contemporary and with unique charm. Inside it consists of 2 double bedrooms, one of which has an en-suite bathroom and one has an adjoining bathroom; a study ideal for those who need a quiet and peaceful work area that if necessary can accommodate an additional place thanks to the single sofa bed equipped with topper to ensure the best rest; a large living room with fireplace and latest generation TV; a dining area equipped for 6 people and finally the kitchen, fully equipped also with a snack corner for those who like quick...
