DESCRIPTION

Gorgeous and unmissable multi-room apartment in Milano

Nestled in the elegant setting of Piazza Grandi, in an elegant palace of 1970 with double elevator, we propose a charming apartment of 217 square meters, to be renovated. Thanks to the presence of a double entrance, it offers unlimited possibilities for customization. Crossing the large main entrance, you enter a bright triple living room with large windows and a lovely terrace overlooking Piazza Grandi and its monumental fountain. The living area is completed by an eat-in kitchen, connected to a balcony

overlooking the inner garden. The kitchen is accessed either from the service entrance or from a hallway that opens to a comfortable dining room, the service bathroom, and a practical storage room. The transition from the living area to the quiet sleeping area is delimited by a door that opens onto a long corridor, which leads to the three bedrooms, two of which have access to the small terrace, and the two main bathrooms. The property also includes a convenient cellar. Possibility box at € 70,000.
