DESCRIPTION

Your charming home in the center of Florence

A few steps from the Accademia Gallery, home of Michelangelo's David, this palace flaunts the exuberant sobriety of early 17th-century Florence that still displays above the windows elegant pediments of Renaissance heritage. We offer sei appartamenti for short or long periods, arranged on four levels: three two-room and three three-room apartments. Luxury and charm intoxicate the accommodations and every kind of comfort inside them, from the bathtub with whirlpool and chromotherapy to the fireplace, from the fully equipped kitchen to the satellite TV with Dvd player. But it is uniqueness that is the greatest peculiarity of the housing units,

all of which differ from each other in colors, materials and furnishings. Each accommodation differs from the others in palettes, materials and furnishings, while maintaining architectural constants: one above all the fireplace. But also the furnishings, designed and executed by artisans from the Florentine territory; zebrano and teak, the essences chosen for the floors; the lacquered wood paneling and wenge to ennoble the walls; the curtains and fine fabrics that cover seats and cushions, without forgetting the high-performance equipped kitchens and the bathrooms designed as domestic spas with mini whirlpools and chromotherapy pools.
