DESCRIPTION

Detached villa nestled in the quiet with garden and view of the hills

In a context of absolute privacy and harmony with nature, stands a refined detached villa of recent construction, wrapped in a private garden of 1,600 square meters that offers a splendid view of the surrounding hills. The architecture blends with the landscape, creating a perfect balance between modern comfort and Mediterranean authenticity. The interiors are developed on a single level and are characterized by large, bright spaces with attention to detail. Large glazed openings bring natural light inside, while contemporary finishes, parquet flooring and thermal insulation ensure high energy efficiency and ideal living comfort in every season. Outside, the covered veranda overlooks the green garden and becomes the perfect place for moments of relaxation or conviviality outdoors, surrounded by the silence and scents of the Sardinian countryside. The exposed stone details lend character and authenticity, in an ensemble that combines elegance and sobriety. The property is located in a quiet and charming area, just minutes from the most renowned beaches of the east coast and the historic villages

that guard the authentic soul of the island. Here it is possible to live an experience of total connection with nature, without sacrificing the proximity to the main services and the convenience of reaching the port and the airport of Olbia Costa Smeralda™ in a short time. This residence represents the ideal choice for those who want a home in Sardinia that combines contemporary design, natural context and quality of life.
