DESCRIPTION

Unique View of Vignola and Corsica

This property is distinguished by a privileged position that gives a wide and permanent panoramic view of the Vignola landscape, with the gaze extending to the unmistakable profile of Corsica. A natural setting of great visual impact, where sea, sky and Mediterranean vegetation come together in a rare balance, capable of offering different sensations at every moment of the day. In the morning, the clear light gently illuminates the horizon, enhancing the colors of the sea and the morphology of the coast, in the central hours the panorama opens up in all its depth, with a perception of space and silence that immediately conveys a sense of calm, at sunset, finally, the sun slowly descends tinging the sky with warm and enveloping shades, creating a scenario of strong emotional suggestion. The view of Corsica, visible on the clearest days, adds an element of uniqueness that makes the context even more exclusive. The location guarantees privacy and confidentiality, while remaining well connected to the main services

and renowned Gallura resorts. The surrounding area is characterized by Mediterranean scrub, intense perfumes and an authentic environment, ideal for those seeking a direct relationship with nature without sacrificing comfort. The open and commanding view significantly enhances the property, making it particularly suitable both as a main residence and as a vacation home or valuable real estate investment. This property represents an ideal solution for those who wish to experience daily a far-reaching view, difficult to replicate, where every overlook becomes a visual experience. The combination of location, landscape and natural brightness gives a concrete and lasting added value, making the property a top choice for those who appreciate the uniqueness of places and the quality of life that only scenery like this can offer. THE FIRST IMAGES ARE RENDERING THOUGHTS DESIGNED TO SHOW HOW THE APARTMENT COULD BE VALUED AFTER A RENOVATION. SUBSEQUENT PHOTOS, HOWEVER, SHOW THE ACTUAL ROOMS IN THEIR CURRENT STATE.
