## DESCRIPTION

# Iconic residence designed by Zaha Hadid at One Thousand Museum, suspended between sky and ocean

In the heart of Miami's most iconic skyline, within the latest extraordinary work of Zaha Hadid, this residence represents one of the highest expressions of contemporary architecture and ultra-luxury living. Unit 2702 at One Thousand Museum spans approximately 427 square meters of impeccably designed interiors, offering four bedrooms and five and a half baths in a perfect balance of design, technology, and absolute comfort. The prime location and northeast exposure provide spectacular, unobstructed views of the Atlantic Ocean and Biscayne Bay, with sunrises of rare beauty. Entirely redesigned by renowned architect Luciana Junqueira, the residence is the result of uncompromising tailoring. Suspended plaster ceilings integrate a sophisticated custom lighting system, centralized audio, motorized blinds and concealed climate control, in perfect harmony with Hadid's fluid and iconic language, with execution by AHT Global. Each room is embellished with top-notch materials

and finishes: exclusive Miami wallpapers - water-resistant in the living areas, with silk inserts in the guest bathroom and woven straw in the master suite - dialogue with the elegant Madeira bamboo paneling custom-made by Oliver, for an investment in customization that is close to \$800.000 dollars. The living spaces express a sophisticated vision of contemporary design, with iconic furnishings such as the Bubble armchair by Roche Bobois and custom-made pieces by Artefacto, resting on wool and silk rugs. The kitchen, conceived as a dramatic and functional environment, is complemented by top-notch appliances Gaggenau and Sub-Zero, as well as refined Roche Bobois designer tables. Offered fully furnished, this residence represents a once-in-a-lifetime opportunity for an unparalleled living experience, suspended between sky and sea. Living at One Thousand Museum is not simply about owning an iconic address: it is about affirming a lifestyle and leaving a legacy.
