DESCRIPTION

REFINED DETACHED PORTION

Mirano: in a very central location, a few steps from the park and the heart of the city, we propose portion of a detached bivilla inserted in a context of the early 1900s, unique for type and quality of construction. The property is the result of a careful and ambitious restoration project, designed to enhance and preserve the historical and artistic heritage, combining period charm and contemporary comfort. The entrance opens onto

a large living area embellished with exposed beams and large windows that provide excellent natural light throughout the day. The solution has three comfortable bedrooms, including one on the ground floor served by a master bathroom, and two bathrooms. The property is completed by a double garage, a parking space and a private garden developed on three sides, ideal for relaxing moments outdoors. Request € 650,000.00 Ref R039
