## DESCRIPTION

# Holy Cross Cottage

In the most vibrant and authentic heart of Lecce, just a few steps from the majestic Piazza Sant'Oronzo, Casetta Santa Croce is a home of reserved charm, where absolute centrality meets unexpected quiet. Here the privilege is not just the location, but the experience: living the Lecce Baroque on foot, among monumental architecture and iconic addresses, and then re-entering a refuge of light, silence and discreet elegance. The living area stands out for its spaciousness and scenic character, enhanced by important heights and soft vaults that amplify the natural light. The conversation area dialogues with the dining area in a harmonious balance, while the kitchen, gathered in an elegant niche and perfectly organized, integrates discreetly into the whole. The distribution is fluid and intuitive, designed to ensure comfort and naturalness at all times of day. The master bedroom is an enveloping and textural space, where the double bed with soft, romantic lines is framed by natural fabrics and a neutral palette.

The warm daylight enhances the golden hues of the wood, amplifying the feeling of intimacy and harmony. Above the main volume are two lofted single beds, reached by a wooden staircase and perfectly integrated into the architecture: a charming and functional solution, ideal for families or small groups. In the living room, the striking loft accommodates a fifth suspended and characteristic bed that enhances the verticality of the room, giving depth and personality to the entire space. A detail that is not only functional, but identity. Completing the dwelling is a modern and bright bathroom, with attention to detail and designed to offer comfort and functionality. Clean lines, neutral materials and a large shower define an elegant space consistent with the style of the entire dwelling, where each element contributes to a feeling of balance and well-being. Casetta Santa Croce represents a rare combination of iconic location and private atmosphere, of architectural authenticity and contemporary comfort....
