Dimora Alexanos

In the heart of Alessano's historic center—one of the most authentic and elegant villages in Capo di Leuca—Dimora Alexano is a historic residence that captures the true spirit of Salento. A place where ancient stone, harmonious star-vaulted ceilings, and natural light streaming through the rooms create a refined and timeless atmosphere, perfect for those seeking a vacation in Salento marked by beauty and tranquility. The residence spans multiple levels within a historic building constructed of local stone, which has undergone a meticulous restoration that has successfully highlighted the original materials and architectural volumes. The spacious and bright rooms, enhanced by minimalist furnishings and contemporary details, welcome guests into an elegant and authentic setting, ideal for discovering the charm of the villages of southern Salento. On the ground floor is the large living and dining area, a striking space characterized

by high star-vaulted ceilings and stone floors that evoke the home's history. Here, the lounge area and dining room coexist in perfect harmony, creating a space dedicated to socializing and relaxation. Adjacent to the living room is the fully equipped kitchen with an antique stone fireplace—a warm and authentic space overlooking a small inner courtyard—while a convenient guest bathroom is also located on the same level. The first floor houses the home's first sleeping area, consisting of a bright master bedroom connected to a room with two single beds—an ideal solution for families. From this level, an internal staircase leads to a small private terrace—a cozy, secluded space where you can enjoy the tranquility of the village and the intimate atmosphere of the historic center. On the second floor are two additional double bedrooms, characterized by spacious rooms, high ceilings, and light colors that amplify the natural light....
