DESCRIPTION

Luxury Home & Pool

Just a short walk from the beating heart of the most authentic Puglia, Luxury Home & Pool stands out as a declaration of love for the Mediterranean art of living. Its architecture blends warm, luminous Lecce stone with contemporary lines designed for those seeking excellence without sacrificing the soul of the region. Once through the gate, your gaze wanders over expanses of centuries-old olive trees and the scent of lemons, before settling on the pool that seems to melt into the Salento horizon. It is here that the days find their natural rhythm: the sun dancing on the water in the morning, the golden silence of sunset, and the stars reflected in the stillness of the evening. The property unfolds through three distinct yet harmonious elements: a main villa and two independent guesthouses, capable of accommodating up to ten guests in total comfort, each with their own space to enjoy and cherish. The main villa features three bedrooms—the master bedroom with a light-filled walk-in closet and en suite bathroom, and the other two

with built-in closets and private bathrooms—for a total of five bedrooms and five bathrooms throughout the entire estate. Each guesthouse is a small world unto itself—autonomous and fully equipped—with a separate entrance, living room, kitchenette, bedroom, and private bathroom: the perfect solution for those who wish to share moments together without ever sacrificing their privacy. Every space at Luxury Home & Pool is a universe unto itself: exquisite flooring, finishes selected to highlight the earthy tones of Puglia, and bathrooms designed as spaces of pure well-being—from black marble veined with gold to beige onyx, right down to dark and gold arabesque patterns. Handcrafted details intertwine with the most modern comforts, offering a hospitality that is both rooted in tradition and contemporary. The heart of the villa is the large open-concept living area, where white wooden beams with integrated linear LED strips and floor-to-ceiling sliding glass doors create a unique atmosphere, suspended between indoors and outdoors...
