## DESCRIPTION

# Dimora Agostino

On the first floor of the stately Palazzo Stapane, Dimora Agostino welcomes guests into an atmosphere suspended between history and Mediterranean light, accessible via the charming interior staircase that winds through the atrium and foreshadows the residence's intimate and elegant character. The spacious and harmonious rooms are designed to let time pass slowly: the warmth of the fireplace, the conviviality of the living area, and the discreet presence of the sea filtering through the windows create a genuine sense of home, where every detail invites relaxation and togetherness. The two bedrooms offer a quiet and cozy retreat, ideal for recharging after a day spent enjoying the blue waters of the Ionian Sea and strolling along the Santa Maria al Bagno seafront. Modern comforts blend seamlessly into the setting, ensuring a practical and carefree stay—whether for short getaways

or longer vacations—in an environment that combines functionality and charm. The emotional heart of the home is the private terrace overlooking the village's picturesque square: an intimate space where you can enjoy breakfast in the sun, have lunch al fresco, or let yourself be lulled by the sea breeze at sunset, watching the slow pace of village life and the colors of the sky lighting up the Ionian coast. Dimora Agostino is an invitation to experience Santa Maria al Bagno authentically, in a residence that reflects the region, the sea, and the understated beauty of a historic building overlooking the beating heart of the Mediterranean. To make your stay even more comfortable, Palazzo Stapane provides guests with a reserved parking space—for exclusive use and included in the rate—so you can experience Santa Maria al Bagno with complete freedom and peace of mind.
