DESCRIPTION

Camera Misia

Overlooking the charming inner courtyard of Palazzo Stapane, the Misia Room welcomes guests on the ground floor with an intimate and timeless atmosphere, where the ancient stone and the hushed silence of the palace create a sense of tranquility and security, just a few steps from the sea at Santa Maria al Bagno. The spacious double room is bathed in soft, natural light, which enhances the authentic character of the space and invites relaxation, offering an elegant retreat after days spent enjoying the sun, walks, and views of the Ionian Sea. The private bathroom with a shower completes the experience of comfort, blending discreetly into a setting where historic charm and modern functionality coexist in perfect balance. Every detail is designed to make your stay pleasant and relaxing: satellite TV, a coffee maker, a mini-fridge,

and a spacious closet provide guests with convenience and simplicity in a tastefully appointed space. Its location, right next to the stately entrance hall and courtyard, gives you the feeling of staying in a place steeped in history, where time seems to slow down and every return to your room becomes a small ritual of peace. The Misia Room is the ideal choice for those who wish to experience the most authentic Salento in a historic residence, surrounded by the beauty of stone, the tranquility of a 19th-century palace, and the immediate proximity to the sea and the heart of the village. To make your stay even more comfortable, Palazzo Stapane provides guests with a reserved parking space—for exclusive use and included in the rate—so you can enjoy Santa Maria al Bagno with complete freedom and peace of mind
